

Afternoon Activities

Here are some more activities you might like to try as you think about next year!

Year 2 September 2020

The Shape Game

Play this game with somebody that you live with. Anthony Browne can tell you how to play here!

I love to play the Shape Game.
It's VERY easy!
First you draw a shape - any old shape.

Then you change it into something....

maybe a hat?
You can play it yourself - try it!

Anthony Browne

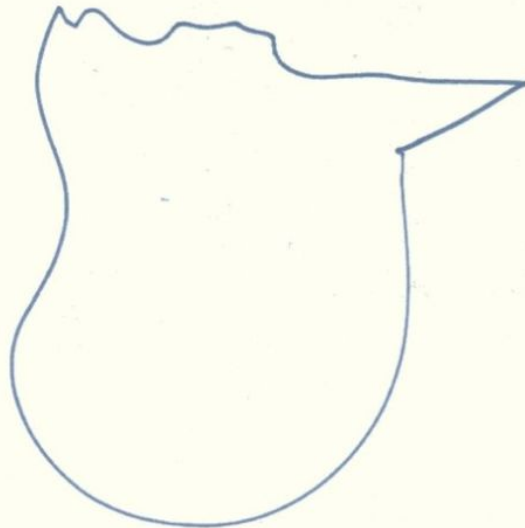

Play the SHAPE GAME

Playing the Shape Game is easy!

Find a friend to draw you a shape and then use your imagination to turn it into something recognisable – be it a face, a fried egg, a dinosaur or even a gorilla.

Anthony has drawn this shape to help get you started. He says: *"you can use any materials you like from a basic felt-tip pen to paints, crayons or collage. Turn the paper upside down or sideways, take as much or as little time as you want – simply let your imagination run wild and have fun!"*

Getting Ready!

Think about how you are going to get to school in September. Are you going to walk, scoot or travel by car? You could draw a map to help you learn your route and practise it with an adult. What are you going to wear? Get your uniform ready - does your old uniform still fit you? What else will you need to bring to school - water bottle and packed lunch?

All about you!

Create your own personality swirl.

In each section write a word that describes something about you eg funny, smart etc.

Class Animals

How to draw ... your new class animal (Meerkat, Penguin, Kingfisher). Bring these into school in September to create a new display.
