

Tapestry Image/Moving Image Acceptable use and Consent

During your child's time at Manor Park CE First School, we will be taking photos and videos of your child:

- to document what they enjoy doing
- to record their learning, development and progress
- to record special events and achievements

A learning journal will be used to reflect your child's time in Pre-school, Reception and Year 1 and will include many photographs and videos. However, it will often include photographs/videos of your child interacting with other children and as such, we have to ensure the privacy and security of all images.

In compliance with the General Data Protection Regulations 2018, you have already stated whether or not you consent to images and moving images being taken for school. However, as the online learning journeys give you direct access to these images, we need to ensure that they are kept safe and secure, as they will frequently contain images of other people's children.

Therefore by submitting the form you are consenting to treat images and moving images containing images of other children **for your own personal use only**.

This means that the information cannot be shared with others, or published in any way, without the explicit consent of the parents/carers of those children who may be included. For example any such images **cannot** be posted on a social networking site or displayed in a public place. If it transpires that you have published any images without consent then the school will be forced to close your account.
