

8th January 2021

Dear Children,

It has been different in our school for a while now and unfortunately we are needing to change the way our school works again. This is so we can be careful to make sure we do not pass on a bug that is still making people poorly.

In order for us to do this we have been asked not to have so many children in school. So although school will be slightly different again there will still be many things that are the same, teachers and friends that you know will be with you, so there is no need to worry.

Your adult will tell you what time your school day will start and finish and which entrance you will be using. I am writing to your parents/carers too and so they will have all of this information as well.

You will be remaining in your class but it may be that some other children from your year group will be with you too. You may sometimes have your class teacher but also at times may have another teacher that you know.

Your group may be in your normal classroom but if not then it will be in a room from your year group. You will be with your small group all of the time that you are at school. We will call this group your BUBBLE. Your BUBBLE will have a colour name. For example - you might be in the 'Red Bubble.'

Your teacher will ask you to sit away from other children, this is to keep everyone safe. There will not be as many toys in your classroom and school may look a little bit different again.

At lunchtimes and break times you will stay with your BUBBLE. You will eat your lunch with children who are in your BUBBLE. You will play with the children in your BUBBLE. Don't worry, your teacher will explain everything to you.

Things are not quite the same but you can still, 'Be your Best' and please don't worry. All of the staff at Manor Park CE First School have been SO PROUD of ALL of you. You are ALL being BRILLIANT! The teacher of your BUBBLE will understand if you find all of this hard and they will be there to help you.

We look forward to seeing you on Google Classroom, Tapestry or back in school!

Lots of love

Mrs Pallister and the team at Manor Park School

If you are coming into school you will be in BUBBLE.

Your teacher will be and M..... will also be part of your BUBBLE.
